6 Weeks of Online Merit Badge Classes

Starting last week, the Central Georgia Council started an online Merit Badge Series with an overwhelming response from Scouts, Leaders, Parents and Counselors. The first virtual Merit Badge was Bird Study and the Scouts had a blast!!! Many of them had some interest in birds, but our instructor got them really excited about bird study. She also got the Scouts outside sighting and listening for birds. A huge thanks to Lara Plocha from Troop 310, Oconee District for running the first of the series.

There will be a total of 6 weeks of merit badges. This coming week will be Scouting Heritage taught by Bill Seyler and Scholarship taught by Steve Aude. We are looking forward to more merit badges in the next few weeks. Make sure you keep an eye on the Merit Badge Series webpage, classes have been filling up very quickly.

SCOUTING AT HOME

In times of crisis, Scouts find a way to adapt.

We’re hearing from Scouts and leaders across the council who have found creative ways to keep on Scouting even while practicing social distancing (staying home and remaining at least 6 feet from others if you must go out).

Today we wanted to share another way Scouts BSA members can continue their Scouting journey during this period of isolation: by earning merit badges. Below, we have listed 58 merit badges that Scouts can complete from home. The merit badges on the list meet two main criteria:

They don’t involve visits to public places or companies.

A Scout is Thrifty......"A Scout works to pay his own way and to help others. A Scout saves for the Future."

The intent of the camp card sale is to allow units to raise funds to pay for their year-round camping program. This includes purchasing camping equipment; such as tents, and cooking equipment; and to send Scouts to Cub Scout Day Camp, WEBELOS Resident Camp, Cub Scout Resident Camp, Summer Camp and Winter Camp.

ADVANCEMENT DURING COVID-19

The BSA has a message to young people concerned that the coronavirus (COVID-19) outbreak will prevent them from completing Eagle Scout rank requirements before their 18th birthday: Don’t worry; we’ve got your back. During this unprecedented interruption to Scouting nationwide, the BSA has released new guidance on advancement during COVID-19.

This includes:

- Time extensions for qualifying Scouts and Venturers working on the Eagle Scout, Summit and Quartermaster awards. Local councils will have the authority to grant this extension through the end of September 2020.
- The ability to accept electronic signatures for rank advancement and award applications — effective now through the end of September 2020.
- An option to complete Scoutmaster conferences via videoconferencing. (Section 4.2.3.5 of the Guide to Advancement says Scoutmasters “should not” conduct Scoutmaster conferences online; it doesn’t say “must not.” The new COVID-19 guidance clarifies that this practice is OK, as long as Youth Protection rules are followed.)
- An option for parents or other adults in a Cub Scout’s family to sign off on Webelos and Arrow of Light requirements — effective now through the end of July 2020. An option for Scoutmasters to allow time missed during the COVID-19 outbreak to count toward requirements for participation and positions of responsibility.

MORE GUIDANCE

For more guidance for Cub Scouts, Scouts BSA and Venturing advancement, read the complete FAQs.

The BSA’s official guidelines about extensions — and a whole lot more — can be found on scouting.org/coronavirus. This new, regularly updated page is filled with resources for those families looking to continue Scouting at home.

From Ocmulgee Chairman

It’s been awhile since I have had a chance to reach out to all our Scouters in the Ocmulgee District and a lot has changed. Other than the obvious COVID-19, which has challenged us out of our comfort zone and to keep Scouting alive even if we are “sheltered at home.” We’ve had a zoom meeting for the district and learned that many Troops and Packs are meeting the same way. Pretty cool!! Our council has had merit badges that have been taught all the same way “virtually.” It may not be the best way, but it still keeps Scouting in front of our Scouts. This stay at home has also many Scouters finishing up their YPT and their other digital training. Which is great. If you have not done so, please take advantage of this time to do that. One of our Troop’s have set up to do their fundraiser of camp cards with online sales! How great is that! On that note, if you are able our Council is counting on us and still needs us all to help and participate in Friends of Scouting. Some of you may not be able to do that right now and we understand that. If you can though please reach out to me or Wayne Schuver, Jr. our new District Director and we can help you to make that happen. Did I forget we have a new DD he started March 1st. Wow! What a bunch of energy he brings us. Reading his bio he has been around awhile and I believe he may just be what the doctor ordered. He can help us work at becoming great again, but we are going to need help. We are not going to be able to do it with the same 8 folks we have had in the past! **We are going to need your help.** Alan Goldin VP of District Operations a board member is also looking to help get more hands to help work our district. Drop me an email and let me know where you want to help. There is plenty of holes to fill and we need to have Scouters from across our District to fill those holes to make this happen. I want to finish the year as a gold JTE District! We can do it, but not without your help!

Baden Powell said, “when we all pull together as a patrol we are stronger.” Join our patrol the Ocmulgee District! We need YOU! Thank You for all you currently are doing for Scouting.

Yours in Scouting,

**Walter Moody**

**Commissioner Service**

Wow there is so much I want to share and such a small space to do it. Our District Facebook Page is [Ocmulgee District BSA](https://www.facebook.com/OcmulgeeDistrictBSA) has been just a buzz of program related ideas for everyone to do. Our Cub Scouts have a 30 day plan with all kinds of things to do rank related to do at home. Now there has been STEM Programs that our Cubs can do also at www.bsa-LA/ssl. Great stuff. For our Troops many of our troops have been doing online meetings with zoom or some of the other digital programs. The focus is to keep Scouting going while we are not meeting. Our council has started having online Merit Badges for everyone to sign up for. Check the council web page [www.centralgeorgiacouncil.org](http://www.centralgeorgiacouncil.org) If you don’t see something there check the Facebook page. What is important is to keep Scouting going while we are not meeting.

If haven’t seen the theme here is to keep Scouting going we must not just stop during this time of uncertainty but be protestant. Our Children need us, they deserve our best! If you have any questions feel free to reach-out so I can help you!

Yours IN Scouting

On March 14, 2020, the Oconee District held its Annual District Pinewood Derby at the Agricultural Center in Tennille, GA. The Derby was hosted by Pack 74 with assistance from leaders and scouts from Troop 74 and Pack 124. This year’s Derby was the first time in several years that we hosted a sibling race. The event was a great success. Scouts had an amazing time building cars with their parents, fellowshipping with friends and racing them against their peers. Thank you to all who helped.

Virtual Board of Reviews!!

The national pandemic has brought about several unexpected and unprecedented challenges. Prayers to everyone who has been infected or affected by the virus. In times of confusion and darkness there is always light. There are several scouts who have been diligently working on their Eagle Scout Projects only to have the pandemic adjust their plans and, in many cases, completely cancel them. The Oconee District Advancement Chair, Steve Mayotte, and other scout leaders have teamed together to conduct Virtual Board of Reviews. They have also developed a process of completing paperwork while taking into account social distancing policies. The virtual BOR process has been a great tool for the District and has allowed our scouts to continue in their journey to Eagle.

OUR CHAIRMAN

In this time of great uncertainty let Scouting light your trail. Do not let setbacks determine your future. Few remember Calvin Coolidge, our 13th president. He was a man of so few words he was nicknamed “Silent Cal.” President Coolidge once said: “Nothing in the world can take the place of persistence. Talent will not; nothing is more common than unsuccessful men with talent. Genius will not; unrewarded genius is almost a proverb. Education will not; the world is full of educated derelicts. Persistence and determination are omnipotent. The slogan ‘press on’ has solved and always will solve the problems of the human race.”

Being brave means facing situations even though you may be afraid or unsure. Realize, you cannot make yourself talented, or a genius but you, and only you, determine whether you give up or persist; only you can decide to press on. Our units, our District, our Council and Scouting needs your support. So let’s press on.

Kevin Hall
District Chairman
Robert L. Scott District

Hello to all our scouting families! As we are entering into a new phase in our lives and communities, let us not forget about ‘Scouting’. The majority of us are home working, our children are home and need “entertainment” and action. Why not indulge in activities at home which embody Scouting. There was a 30-day challenge sent out to the Cub Scouts which is amazing! If you did not receive it, contact your Cubmaster or check our Central Georgia Council web page. It will get your child (children) doing something constructive and exciting! SCOUTING! Not to mention, something different. It will keep them involved in Scouts, help them progress to their next rank, keep them occupied learning and/or get the family doing something together. What better way to grow and learn than as a family? The bonds we build with our children at the younger ages are lasting. The ones we build with them during this time of uncertainty and change, will be even more lasting in all of your memories. The older Scouts are not left out of this difficult time. They may have schoolwork to occupy some of their time; however, there are still 24 hours in a day and usually an average of 15 of those hours are spent awake. Keep them involved in the Scouting program. Even if your Scoutmaster has not implemented a plan for this challenging time; as of yet, you can still be engaged by opening their Scout Book and seeing what is in there that you can accomplish with them. Or, maybe there is a merit badge that your child can work on while at home? Contact Wayne Schuver Jr, our District Director by email; wayne.schuver@scouting.org and ask him for a merit badge counselors name for the merit badge you wish to work on and completing at home. I believe our council is setting up for April online Merit Badges via Zoom or some other social media where Scouts can work together on Merit Badges. Scouts, get moving, put your brains to work growing with your family and staying connected to the Scouting values by doing something to help move forward, progress in rank, and grow yourselves. There is a Unit Commissioner assigned to every unit in Robert L Scott District. Contact your Commissioner for ideas if your Scoutmaster is fresh out. I believe that you, the Youth of our units have the answers to how and what we can do to further the scouting ideals and program in our communities and homes to make all us better citizens during this challenging time. Stay safe and keep growing. Your minds are wonderful things, do not waste this time at home on electronics and video games. Get outdoors and Be A Scout!

Yours In Scouting,
Lea Hamm,
Robert L Scott District Commissioner

In this time of uncertainty and growth in the Newly reestablished Pine Forest district I am proud to announce that we are Growing and remaining strong. I would like to welcome the new tentative commissioner for our district Mr. Nathan Bracewell to the team, a successful businessman who has a long history in the scouting community. For those of you that haven’t met me my name is Dan and I am the district Executive for the Pine Forest District. If you have any comments or concerns or suggestions about how we can make scouting better during this trying time in our nations history please contact me at (478)278-2460.

I know that some of you have questions about whether or not we will be having the pinewood derby in the future as I have received calls and e-mails asking me this question. The answer is yes, I do intend on hosting a district pinewood derby once we are able to. If, however the shelter in place order continues through the end of June then there is a possibility that we may not be able to hold the derby this year due to other events and time restrictions.

On a more positive note I am working with our leaders and the council to ensure that advancement in our community continues. With the availability of online Merit Badge classes and tools as well as units being able to meet virtually, we are overcoming the obstacles that are placed before us together as a team. From All the Leadership within the Pine Forest District Stay Safe And continue to move forward. For more information on online Merit Badge classes or to enroll Please visit the council Website.

If you have any questions, concerns or suggestions please feel free to contact me.

Georgia Industrial Children’s Home

Georgia Industrial Children’s Home is home to 60 boys in foster care, who have experienced abuse, neglect or instability and need a safe place to live while they receive therapy and support. GICH is a nonprofit agency, and we rely on the generosity of the community to help us provide for the needs of the boys. One way we raise funds is by having an annual fundraising event. This year, our Dinner in the Orchard event will feature the Macon Pops playing a concert in our lower orchard. However, in order for our guests to use this space safely, we need to build some steps into the landscape that leads down to the orchard. We are asking for volunteers to help us get this done!!! We are also seeking donations of supplies and materials, and a charitable gift tax receipt can be provided. Thank you for helping us provide a space where our community can gather, to provide support for the boys of GICH!!
